

Bericht: Herbstausfahrt nach Türnitz 2010

Am Samstag dem 4. September führte uns das schöne Wetter nach Türnitz. Treffpunkt war zu Mittag beim Gasthaus Hoppala in Gattmannsdorf bei St. Pölten. Ziel war die Falkenschlucht bei Türnitz.

Mit 13 luftgekühlten Klassikern ist der Käferclub Obergrafendorf angetreten, die Falkenschlucht zu bezwingen. Johannes Bobek führte uns über Hofstetten/Grünau und Rabenstein nach Türnitz. Am Parkplatz des Eybl-Jet wurden wir bereits erwartet zum großen Gruppenfoto.

After we wanted to go comfortably, a sightseeing train was already waiting to take us into the Falkenschlucht.

After a short walk we had to find out that the gorge was still closed after the weather of the last months. This turned out to be not so unfavorable, because sooner there was a good snack with juice.

After returning to Türritz the small and big children could really enjoy themselves on the summer toboggan before going to a nearby inn. That it was raining in the meantime outside did not disturb us. As we started our home trip at 18:00 o'clock the rain was already over; -)
